Doka State Coffee Tour: Costa Rica has one of the widest ranges of microclimates, due to the drastic change in altitude and climate over relatively short distances. Our educational coffee tour will explain how these differences in climatic factors determine the flavor of the final cup. A visit to Doka Estate, on the slopes of the Poás Volcano, is a fantastic learning opportunity. We will guide you through all the coffee production stages in a breathtaking atmosphere. You will have the opportunity to closely observe and understand how a first choice bean turns into a fabulous cup of coffee. You will walk through the planted fields, see our beneficio (coffee mill) and smell the aroma emitted by our sun bathed patios where the beans are sun dried every morning.

Finally you will be able to sample all of our roasts and purchase unique gifts at our Casa de Artesania. Participants will experience the impact of coffee in a country with the highest ratio of coffee produced per citizen (2.8 million bags annually). Enjoy the natural splendor of this tropical paradise while gaining a new perspective about coffee.

San Jose City Tour: The City Tour of San Jose, the country's capital, is the best way to begin a trip to Costa Rica. The sightseeing tour goes through the main residential areas and commercial district of the city, founded in 1737, with a current population of 700 thousand. The tour also visits such landmark as the Gold Museum and the central commercial district. There is also a stop for shopping at the souvenir shops and artisan workshops of Moravia. The Pre-Columbian Gold Museum has an extraordinary collection of gold objects that reflect the world-view, social structure and gold working techniques of the Pre-Columbian peoples of Costa Rica. The exhibition showcases the use and function of the pieces, the technology of their fabrication, as well as their relationship to the natural world and the daily lives of these societies. The collection

consists of 1600 pieces of Pre-Columbian gold work that date from 500 BC to 1500 AC. **What to bring:** sun block, cool comfortable clothes and shoes, camera & hat.
